

TIME	Thursday 22 nd . Presentations	Friday 23 rd . Presentations On Friday the sessions will start at 9:10am
9:20-9:30	Opening	Alexander Kirillov. <i>Multicopper Cores and MOFs: New Catalysts for Mild Functionalization of Alkane Feedstocks</i>
9:30-9:50	Pedro J. Perez. <i>Preface: Volume 69 of Advances in Organometallic Chemistry</i>	Günther Knör. <i>Artificial Photoenzymes for Solar Photocatalytic Hydrogen Atom Transfer Reactions</i>
09:50-10:10	Arkaiz Correa. <i>Assembly of Peptides upon Sustainable C–H Functionalization</i>	Ana C. Albeniz <i>The Mechanism of the Palladium-Catalyzed Aerobic Homocoupling of Alkynes: A more Complex Oxidase-type Reaction</i>
10:10-10:30	Fabrice Denes. <i>Remote Selective C-H Functionalisations: From linear alkynes to cyclopentane derivatives</i>	Arif Dastan. <i>TBC</i>
10:30-10:50	Daniel Gryko. <i>Direct Arylation of Dipyrrolonaphthyridinediones (DPNDs) Leads to Red-Emitting Dyes with Conformational Freedom</i>	Filipa Siopa. <i>C3 arylation of furfural derivatives via catalytic C-H bond activation</i>
10:50-11:30	<i>Coffee Break</i>	<i>Coffee Break</i>
11:30-11:50	Esteban Urriolabeitia. <i>Orthopalladated complexes from substituted oxazolones, imidazolones and thiazolones, and their photophysical properties</i>	Philipp Hans Fackler. Merck Company
11:50-12:10	Michael Schnürch. <i>Toluene as benzylating reagent for C- and N-benylation</i>	
12:10-12:30	Bojan Bondzic. <i>TBC</i>	Poster presentation/Group Discussions
12:30-12:50	Alessandra Casnati. <i>Gas-Liquid Catellani type Reactions enabled by continuous flow</i>	
12:50-14:30	<i>Lunch</i>	<i>Lunch</i>
14:30-15:10	WG1 Group Discussions and Collaboration Talks	WG2 Group Discussion and Collaboration Talks
15:10-15:30	Kilian Muñiz. <i>Halide-Catalysed C-H Amination Reactions</i>	
15:30-15:50	Vasile Parvulescu. <i>Graphene Film-Supported Oriented 1.1.1 Gold (0) Versus 2.0.0 Copper (I) Nanoplatelets As Very Efficient Catalysts For Michael Additions</i>	WG3-4 Group Discussion and Collaboration Talks
15:50-16:30	<i>Coffee Break</i>	
16:30-18:00	Poster presentation/Group Discussions	Closing
